Teaching capsule for doctorate students who are detailed to conduct graduate student classes.

- 1. More number of hostels are required.
- 2. Syllabus and teaching methods could be improved by inculcating practices from around the world, especially those followed in Scandinavian countries.
- 3. More opportunities for on-campus placements could be introduced.
- 4. Quality of Research needs to be taken up a notch.

More numbers of permanent teachers are required in the departments with less faculty.
